REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: References of record, taken singly or in combination, fail to teach or fairly suggest the visual training device of the independent apparatus claim 13, which comprises an optical axial movement section for moving positions of separate targets displayed by a target display section for right and left eyes of a trainee in the directions of the optical axes of the right and left eyes, and a horizontal movement section for moving the separate targets in a horizontal direction perpendicular to the above optical axes until visual lines of both eyes incline outward. The independent method claim 1 is seen as derived from claim 13, but with further specification about the two movements as being simultaneous. Independent apparatus claim 15 has a scope narrower than that of claim 13. Finally, independent method claim 12 carries a scope narrower than that of method claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Loha Ben whose telephone number is (571) 272-2323. The examiner can normally be reached on M-SAT, generally between 12:00 p.m. to 8:00 p.m.
